

CRAIG CARSON

Napoleon, IN • ccarsonu2556@gmail.com • 812-621-5555 • linkedin: /in/craig-e-carson

Versatile software developer with hands-on experience building websites, native Android apps, desktop applications, and working with DevOps tools. Proficient in JavaScript, Python, and Java, with exposure to a variety of other languages. Collaborative team player with experience working in small groups (2–4 people) using Agile methodologies like Scrum, and tools such as ER diagrams, flowcharts, and detailed software documentation. Passionate about continuous learning through side projects involving natural language processing, web development, game development, and embedded systems.
